

THE ACE DIFFERENCE

With Simplifyance's Accreditation Compliance Evaluation (ACE), you can find out how close you are to accreditation—without breaking the bank.

National accreditation can make all the difference for any addiction treatment center. Clients and families often weigh this in deciding on which treatment program they go to. A stamp of approval from TJC or CARF makes all the difference.

OUR ACE REPORT

- ⇒ Contains quantitative and qualitative data of our findings.
- ⇒ Specifically outlines areas where you are and are not in compliance.
- ⇒ Provides detailed information which enables you to move closer to meeting accreditation standards.
- ⇒ Includes a multi-tier proposal for continued support in earning accreditation.

Are you intimidated by the process of earning an accreditation? You're not alone. These processes are complex and can be exceptionally difficult to navigate.

Simplifyance offers a cost-effective way to demystify the process to gain valuable intel that will allow you to make changes in-house.

OUR ACE PROCESS

- 1 Exploration**
We gauge which standards are applicable to you.
- 2 Discovery**
We spend time learning about your program from a designated member of your leadership team.
- 3 Assessment**
